QUALITY

POLICY

We only manufacture in Spain under a **System of Quality Management, ISO 9001**, and is committed to the care and protection of the environment under an **Environmental Policy, ISO 14001**, both certified by the company Bureau Veritas.

We produce furniture subject to exacting quality and precision, by **employing highly qualified staff with years of experience in the sector**. Manufacturing systems that result in superior furniture with high strength and durability, which meets the requirements of the customer. To achieve this, we have the most modern machinery at the forefront of technology, computer machining (CNC), laser cutting machinery, ... combined with the very best materials, wood, metals, marbles, selecting whichever are best in a given situation and handled by specialists, resulting in a product par excellence.

Solo fabricamos en España bajo un **Sistema de Gestión de Calidad, ISO 9001**, y compromiso con el cuidado y protección del medioambiente bajo una **Política Medioambiental, ISO 14001**, ambas certificadas por la compañía Bureau Veritas.

La empresa produce muebles sometidos a exigentes medidas de calidad y precisión, para ello cuenta con **personal altamente cualificado y años de experiencia en el sector**. Sistemas de fabricación que dan como resultado un mobiliario superior, de gran resistencia y durabilidad, que se ajusta a las exigencias del cliente. Para ello dispone de maquinaria actualizada y a la vanguardia de la tecnología, maquinaria de corte por ordenador (CNC), maquinaria de corte por laser, ... combinado con los mejores materiales, madera, metales, tejidos, aquellos que sean los idóneos en cada situación y manipulados por especialistas, dan como resultado un excelente producto.

Made in Spain

Custom products solutions.

We offer the possibility to customize most of our Products. Customer can change sizes or finishes thanks to the artisan approach which has always characterized us. Experience in furniture design is necessary and fundamental combining colors, textures and materials to recreate the desired atmosphere.

The obtained results are unique "custom projects", designed for exclusively for the client, it's like an "atelier work". We have always worked in this customized area because most of our products are handmade and can be adapted to client needs.

Details

Trends and selection of materials.

Design and industry trends always goes hand by hand. For this reason, we select very carefully our materials and finishes that blend harmoniously in order to create a product with character and undeniable elegance that will make us all fall in love with our products.

Details-Obsessed and Quality driven

Little details makes the difference of our products.

Little details can make all the difference.

Natural materials

Design, production, commercialization and distribution of furniture with the cooperation of our customers guarantee the satisfaction of all.

Circulo Gran Via Hotel, Madrid

LUXURY EDITION

Circulo Gran Via is a 4* hotel belonging to the exclusive signature Autograph Collection Hotels. Located in the heart of Madrid, this palace was the former home of the Trade and Industry Circle of the capital, hence its name.

The realization of the exclusive furniture for the rooms, was a challenge in the creation and completion of each and every one of the ideas generated by the team of interior designers. Ideas that contributed to the hotel's air of Nordic elegance, by its use of materials such as wood, wonderfully integrated into this palace of the early twentieth century and redesigned with exquisite care.

Circulo Gran Via es un hotel de 4* perteneciente a la exclusiva firma Autograph Collection. Situado en pleno centro de Madrid, este palacio fue la antigua casa del Circulo de Comerciantes e Industriales de la capital, de ahí su nombre.

La realización del mobiliario exclusivo para las habitaciones, supuso un reto a la hora de materializar y ejecutar cada una de las ideas generadas por el equipo de interioristas. Ideas que aportan al hotel, un aire de elegancia nórdica por su tratamiento de materiales como la madera, excelentemente integrados en este palacio de comienzos del siglo XX rediseñado con exquisito cuidado.
